sardaar **Niamotullah**

Web & Mobile **App Developer**
CSE Graduate, **BRAC University**
Flutter NextJS PostgreSQL MongoDB ExpressJS **Spring Boot**

Why I'm the Best Fit for the Circulated Role at Your Organization?

- **Built a fully-fledged Flutter app recently and has a good understanding of Spring Boot and NodeJS REST API, showcasing my technical skills and versatility in both frontend and backend development.**

- **Recently graduated with a degree in Computer Science, equipped with fresh knowledge and enthusiasm to contribute to the tech industry.**

- **Achieved 90% in a mobile app development elective during my final semester, highlighting my strong academic foundation and passion for software development.**

- **Recently completed a comprehensive Udemy course on Flutter, ReactJS, NodeJS, and Spring Boot, strengthening my expertise in building robust, scalable web, mobile, and backend solutions.**

- **Passionate about establishing a career in software development, whether creating dynamic mobile apps using Flutter, or creating a dynamic web app using NextJS or building enterprise-grade applications with Java and Spring Boot, while staying committed to continuous learning and growth.**

Projects

Experience

Assistant Director BRAC University Computer Club 2021 - 2022	**Executive** BASIS STUDENT'S FORUM 2020 - 2022
In this role, I led a team of 15+ members, coordinating and managing club activities and events. I developed and implemented strategic plans to enhance club operations and member engagement, while fostering a collaborative environment and providing mentorship and support to team members.	As a Marketing Executive, I executed digital marketing campaigns, enhancing brand visibility and conversion rates. My role included social media marketing and university outreach, effectively engaging target audiences and driving business growth through strategic initiatives.

About Me

Passionate about mobile app development, full-stack development, and software engineering, I bring a strong background in computer science and a commitment to honesty and hard work. With hands-on experience and a dedication to continuous learning, I excel in both individual and team settings. My goal is to leverage my skills to design and develop innovative software solutions and drive success in any professional endeavor.
